

Making a complaint or suggestion

What you tell us matters. At Peninsula Heart Clinic our aim is to give you the best possible experience whilst you undergo your diagnosis and/or treatment.

Our staff are committed to providing you with the highest level of service and care in a way that meets your individual needs. To this end, we regularly review our services to see where and how we can make improvements.

Your feedback makes a vital contribution to these improvements. If you have any suggestions or complaints, this leaflet tells you how to make them and what action we will take.

Suggestion

We have a suggestion cards and post boxes located at both our front reception desk for the use of outpatients and the nurses station for patients having a cath lab procedure.

Alternatively, please email your suggestion to suggestion@peninsulaheartclinic.co.uk

Making a Complaint

We take all complaints from patients and relatives/carers extremely seriously and we try to make it as easy as possible for people to complain without feeling awkward or embarrassed.

Logging a complaint on the day

You should feel free to speak to any member of staff if you have a concern, or wish to register a complaint, so that it can be resolved there and then or as soon as possible. If you wish to speak to the hospital duty manager or a consultant to discuss your concerns, this can be arranged. If your complaint cannot be resolved immediately, we will follow our written complaints procedure and provide a written response to your complaint.

Equality

Peninsula Heart Clinic is committed to equality and will not discriminate.

No patient, or any other person involved in the investigation or resolution of a complaint, will receive discrimination on the grounds of age, race, ethnic or national origin, religious and political beliefs, gender, gender reassignment, marital status, sexual orientation, disability or trade union membership.

A full copy of our Complaints Policy and Procedure can be obtained on request from the Patient Experience Team.

At any stage during the complaints process you can request a meeting with the clinic General Manager to discuss the status of your complaint and to ensure you properly understand our response to your complaint.

All complaints are recorded and reviewed in line with our Complaints Policy and Procedure.
